Description

Polycarbonate Philippe Starck designer table lamp in a choice of metallic finishes.

Choose the iconic contemporary style of the Flos Miss K T Table Lamp. This highly coveted designer table lamp by Philippe Starck provides beautiful diffused light in any interior.

Innovatively sculpted from injection-moulded acrylic with a polycarbonate diffuser it has an on-off switch and electrical dimmer installed on the cord to create the perfect ambience.

Each lamp diffuser is completely finished with a high-vacuum aluminization process and is available in silver, red or black colour options.

Voltage: 220-240V

Light source: Requires 1x 70W Halogen E27 Lamp (not included)

Production overview: Fully transparent, injection moulded pmma frame with opaline, injection moulded polycarbonate internal diffuser and plisse cloth with coloured polycarbonate external diffuser completely finished with high vacuum aluminization process.

Designer: Philippe Starck (2007)
