

Moooi Dear Ingo

Architectural inspired powder coated steel 16 arm chandelier.
MO3103

Dimensions
Width: 80-240cm
Height: 50cm

Colour : Black
Material : Powder Coated Steel

Description

Architectural inspired powder coated steel 16 arm chandelier. Embrace the abstract and the functional with the Moooi Dear Ingo. Combining industrial steel with aesthetic play, this showstopping task last suspension chandelier allows you to create your own bespoke lighting installation.

Powder coated steel lamp heads and adjustable arms fix robustly to a round hoop core with steel and cable suspension. Direct the task lamp heads in the most functional or crooked way to find your optimum interior balance.

This product is hardwired and is extremely heavy. Professional assessment of your ceiling and product installation by an electrician is required.

10m cable available on request for larger installations – contact our customer service team for more information.

Requires 16x E27 60W Max Type A, R or G bulb (not included)

Suspension: Steel with plastic canopy.

Ceiling drop: 50cm

Net product weight: 14.5kg

Designer: Ron Gilad (2003)
