---

### Description

Iconic powder coated metal table lamp available in a choice of metallic colourways.

The Bestlite BL2 Table Lamp is a timeless design piece.

First designed by Robert Dudley Best in the 1930s, this reproduction from Gubi is a fine example of iconic Bauhaus design.

A contemporary interpretation of the original design, Bestlite BL2 is a highly collectible table lamp, recognised by architects and design aficionados the world over.

Adjustable with a swan-like neck, the lamp allows light to be directed where you need it most from a rounded down light aluminium lamp shade - available in a choice of smart matt colourways.

Complement with designed furniture from the Houseology Gubi collection for a layered ambience of designer style.

Light source: 1 x Max 40W SES 45mm opal round bulb (not included)
