

## Gubi La Pedrera H2O Pendant Lamp

Iconic lamp from gubi.  
GU0023

Dimensions  
Height: 26cm

Colour : White  
Material : Lacquered Metal

---

### Description

In 1990 Gaudi's famous La Pedrera building was renovated and during the work architect Joaquim Ruiz Millet discovered an original floor lamp from the La Pedrera range. As a tribute he then agreed with Barba Corsini who exhibited at the Galleria H2O's relaunch to design a pendant and table lamp to match the originally designed floor lamp. Gubi now manufactures both the Pedrera and H2O pendant and table lamps. Black and nickel models have a black textile cord, while white light blue and orange come with a white textile cord.
