

## Diesel Glas Suspension Pendant

Glass and metal suspension pendant with industrial style chain.  
FO0088

Colour : Silver  
Material : Blown Glass And Metal

### Description

Inspired by industrial glass lamps used in factories and warehouses across the world the Diesel Glas pendant lamp reinvents this iconic design with a new contemporary lifestyle transforming it into a timeless piece of lighting. The Glas has a superficial chrome colour when switched off which reflects the surrounding environment like a mirror, and when illuminated on it emits a warm beam of light with a real retro feel of both direct and diffused light. Available in 2 sizes and as a desk lamp version [click here to view](#).

small lamp - overall drop length including cable 145cm

large lamp - overall drop length including cable 161cm

Large requires halogen energy saver 1x105w E27 bulb or compact fluorescent 1x20w E27 bulb (not included)
