

Diesel Mysterio Wall Lamp

Polycarbonate and glass rounded wall lamp from Diesel.
FO0116

Dimensions
Depth: 11cm

Colour : No
Material : Polycarbonate & Glass

Description

Mysterio is both ironic and iconic like a flying saucer hanging on a wire in space. Based on a magical mirror and a mysterious house it looks like it has jumped out of a thriller or a 1970s B-movie. This vintage inspired lamp is highly contemporary in its production consisting of a polycarbonate diffuser, the internal surface of which features a metallic finish split into 12 sections which reflect the light beam as if in maze of mirrors. Available in 2 colours, warm and domestic white with copper or cool refined black with silver. This lamp is perfect for transforming rooms whether in the home or a trendy bar with its mysterious and original charm.

Requires 1 x 33W bulb (not included).
