Description

Luxury black aluminium table lamp with iron details.
Add the final flourishes to your home interior space with the Eichholtz Monaco Table Lamp Black & Brass.
Exuding restrained elegance, this luxury lighting solution is the perfect complement for classic and contemporary spaces alike.
Sculpted by skilled artisans, the lamp features a pillar-like base, inspired by Corinthian columns and sculpted from aluminium and iron with a brass finish.
A weighted plinth base completes the aesthetic as a contemporary black lampshade encourages a decadent illumination.
Grace in your entrance hallway on an Eichholtz console table to create a warming welcome that will set the style tone for the rest of your home.
Please note: Light bulb is not included - requires 1x 40W Max E27 light bulb.
