Price and lead time:

Price is dependent on the weave and fabric finish chosen. Please contact customer services to select your weave and fabric options and obtain a price quotation and confirm delivery lead time. (Currently Brando is available on a 4 week lead time for Silver Walnut and Java Brown finishes with all other weaves on an estimated 12 week lead time).

Waterproofing options:

This product can also be treated to be completely waterproof or sold with a separate rain cover, please contact customer services for further information.

Weave furniture base finishes:

Each item from the Skyline Brando collection can be made in a choice of 12 different weave finishes, offering you the chance to create a truly bespoke and unique aesthetic.

Fabric cushion finishes:

Cushions fabrics have a choice of 40 cushion fabric options with each belonging to one of the following 4 fabric collections:

- Batyline - A strong and durable high-tech fabric made from a base of polyester fibre, which is coated in PVC and also flame-retardant.
- Fabric 'A' collection - In neutral colours with the texture of natural fibres such as cotton canvas and linen.
- Fabric 'B' collection - In stunning Mediterranean shades inspired by Italian summers, these fabrics create a holiday atmosphere; they are also water-repellent and mould-resistant.
- Fabric 'C' collection - This collection includes elegant stripes for a nautical or seaside theme and bold tangerine to really inject colour into your outdoor space. The colours are UV and fade-resistant too, so will maintain their appearance over time.
