Description

Nickel oval shaped champagne cooler with antique engraved motif. Impress your discerning guests at your next stylish soiree with the Eichholtz Oval Champagne Cooler. Inspired by antique serveware, this unique designer champagne cooler has been updated for contemporary entertaining. Oval shaped, the bucket features a handle at either side for easy lifting and offers generous room for up to 2 bottles of champagne. Exuding restrained glamour with a touch of vintage nostalgia, the design is complete with an engraved logo coat of arms, completing the design in style. Please note: Due to the artisan production process and materials used, each item is unique every time with no two champagne coolers exactly alike.
