Material : Vinyl On A Paper Ground

Description

Tears from paradise is a heavy vinyl wallpaper on a paper backing with a silk effect from the Kandy range from Elitis. It has a mythical feel where sun light will dance across the various pigments of the paper illuminating the large pattern. With a very good stain and abrasion resistance this paper is extra washable and made in wide width rolls of 1m. Please note price is per 10m roll.
95cm (37,4") straight pattern repeat.
Created with varnished top coat for an increased UV and abrasion resistance.
