Description

Circular walnut coffee table with glass top and stainless steel base. Enhance your living room interior with the Time Coffee Table collection from Tonon. This stunning collection of coffee tables is available in a number of sizes and exudes the highest of craftsmanship and quality. Walnut is expertly sculpted into a circular wooden frame which elevates the table's strong security glass lid. The design is finished effortlessly by a charming hint of contemporary design, found in the form of a stylishly sleek stainless steel base plate. Created by Italian furniture experts, Tonon, in collaboration with Viennese design house Guggenbichler Design, this beautiful collection is clean and clear in form and designed with longevity in mind. Its classic combination of traditional and contemporary design will be beautifully placed at the end of the sofa in your lounge, sure to stand the test of time as it completes the look of your interior in style.
