Description

Zinc finish wide lantern with frosted glass exterior and tan leather handle: Invite a feeling of interior enchantment into your home with the Eichholtz Vanini Lantern Wide.

Exuding designer appeal, this medium hurricane lantern features a decidedly industrial take on classic style.

Wide with frosted glass panes, simply accent with your own pillar candle inside for a welcoming ambience once lit.

The perfect balance of practicality and style, the zinc finish iron exterior is then complemented by a tan leather handle to make lifting a breeze.

Place alone or gather together with other sizes for a fine fusion of designer style.

Please note: Sculpted by skilled artisans, each product is unique every time with no two exactly alike making this a bespoke addition for the heart of your home.
