

## Normann Copenhagen Tablo Table Small

Small minimalistic table with simple expression.  
NO0151

Dimensions  
Height: 42cm

Colour : Black  
Material : Ash & Plastic Composite

### Description

The Tablo tables is a small minimalistic table without redundant details. With its simple expression, Tablo fits into most interior styles and is available in a large and a small version. Tablo is quick and easy to assemble without the use of screws. The name Tablo refers to the English table and the French tableau, the latter meaning a scenic, organized arrangement. The designer of Tablo, Nicholai Wiig Hansen, says: "For me, it is paramount that function, materials and aesthetics all come together. The design needs to both be useful and solve a basic need - without compromising the visual expression. Being easy to assemble is therefore part of Tablo's function." Self assembly required.
