Replica wooden flight propeller.
AU0208

Dimensions
Width: 17cm
Height: 186cm
Depth: 8cm

Colour : No

Description

The Authentic Models Sopwith replica propeller pays homage to the Sopwith aircraft which was the mainstay fighter plane of the British and US airforce in the early 1900s. It was brightly painted in various national colours as it ruled the skies for a number of years. Admire the elegant shape and finish of a wood creation that was created to propel daring aviators over uncharted landscapes. With a smooth and somewhat distressed honey surface the punched serial numbers complete the look around the hub of the 1930s maker's decal. Picture this decorative piece in a boy's room, lounge area, bar or restaurant. Its uses are extensive and it is the classic accessory to add aviator style to interiors.
