Description

We love this subtly textured contemporary wallpaper design which works beautifully alone or combined with the Studio or Rockefeller wallpapers from the Museum collection. With a vertical linear design it looks great in striking dark charcoal to create a statement or subtle natural buff or stone for a relaxed interior.

Founded in 1978 Andrew Martin International is a UK brand synonymous with luxury and has a global influence in the world of design. Our interior designers at Houseology suggest pairing this fabulous wallpaper with some Andrew Martin lighting, furniture or wallpaper for the ultimate mix of high glamour and good design.
