Description

This Moooi classic lamp was created from a collaboration with Piet Boon: The Dutch international design studio and global luxury lifestyle brand, is a worldwide recognized specialist in concept design delivering exterior, interior and product design excellence.

Especially created for the Moooi lighting collection the Square Boon light is both versatile and charismatic in form and function.

Each lamp is created on a metal frame with a chromed steel pendant fitting and diffuser which houses 1 x E27 lampholder for a max 60W type A bulb (also available as 3-way lamp holder for extra lighting power, please contact customer services for further pricing and information).

Complete with a 4m black cable the looks is completed with a palstic black canopy.

10m cable is available on request.
