### Description

Glass serving, side, end table in a choice of clear or lacquered black finish.

Invite the clean fluidity of the Pacini e Cappellini Zen Serving/Side Table into your home.

Designed specifically for modular furniture arrangements, the clever silhouette of this lacquered glass designer coffee table allows it to sit flush in central, end or side sofa areas.

Moulded in a C-shape from curved glass, a choice of clear or lacquered black colourways offer a subtle or statement contrast for your existing home decor scheme.

Robust yet lightweight enough to reposition when entertaining with family and friends, this clever space-saver is ideal for lounge settings with a small footprint as its creative design ensures it tucks neatly in the recess under your existing sofa arrangement.

Find more interior design inspiration today in the Pacini e Cappellini collection of designer Italian furniture.

Designer: Monica Bernasconi and Norberto Delfinetti.
