Description

Add a stylish ray of light with the Flos Ray F2 floor lamp. This floor lamp - projects diffused lighting into the room while adding an aura of elegance. The body of the lamp is a steel tube structure, with the tubes welded, brushed and chrome-plated. Featuring a white blown inner glass diffuser, the lamp is finished with a round glossy black shade.

The power cable holds an electronic dimmer, allowing you to control the output of light offering a sophisticated ambiance. The floor lamp will make a fine addition to the living area or bedroom for an illuminating light source.

The Ray F2 floor light is available in one of three colour finishes. Choose the piece that's best for your scheme or mix and match your lighting arrangement.

From Flos and designed by Rodolfo Dordoni, give this timeless and illustrious lighting solution a space in your home interior.

1 x MAX 205W E27 HSGS bulb required.

Cord length 1.9m
