### Description

Sign up for designer style with the Flos KTribe F1 lamp. The floor lamp projects diffused lighting with a four-level light adjustment setting controlled through a remote dimmer on the power cord. The body features a rod arm support and a square, straight-edged base, with the lamp created from die-cast, polished and chrome-plated zamak alloy. The inner diffuser is made in injection-moulded polycarbonate, while the outer is created from transparent PMMA, which is coated in either silver or bronze with a vacuum aluminium coating. The lamp is finished with a gleaming aluminized silver shade which is sure to add a contemporary feel and look to the surroundings. The KTribe F1 lamp comes with one of five different shades, allowing you to choose the one that suits your interior scheme and complements the room. From Flos and designed by Philippe Starck, give this illustrious and modern lighting solution a space in your home interior. Lighting Information: 1 x 70W E27 HSGS
