Description

The Flos Mini Glo-Ball is a small lamp with maximum impact. The mini wall mounted lamp offers diffused lighting and is ideal for the ceiling or wall.

With an acid-etched, hand blown, flashed opaline glass body finished with injection moulded PPS threaded ring nut.

The simple stylish lamp features a minimal design yet still proves to be a striking addition to the interior scheme, exuding sophistication and elegance.

The Mini Glo-Ball C/W is the perfect piece to add to the hallway, living or study, offering an illuminating presence to the space.

The lamp is available with a separate fixing suitable for wall mirrors, please contact customer services for further information.

From Flos and designed by Jasper Morrison, give this timeless and illustrious lighting solution a space in your home interior.

1 x MAX 20W G9 HSGS bulb required (not included).
230 V
