Description

Add grandeur to the home with an Innermost Facet Chandelier created by Tom Kirk.

Handmade from polished stainless steel, the chandelier will create the centrepiece for any room.

Featuring hundreds of individual tiny faces, each at a different angle, to form the outer body of the piece, the chandelier reflects its surroundings while offering light into the interior.

The Innermost Facet Chandelier will make a fantastic addition to the dining room or living space of your home for an addition of designer style to your lighting solutions.

NB: Requires 2 people for unpacking and positioning.

Comes with instructions and pair of white gloves.

6 x 5W LED G9 bulbs.
