### Description

Stylish and rustically charming single oak shelf with cast iron brackets, that will bring a refreshing tone to interior settings. This shelving unit is versatile in a range of environments, and fits effortlessly into any living space, offering the perfect amount of storage, whether its in a living room, hall way, office or bedroom. With a beautiful solid raw oak surface its both good looking and practical, creating the perfect place to display all your precious treasures, including favourite family photographs, fragile ornaments and perfect for holding books. The oak storage shelf has also been given a natural and resilient treatment, which ensures it is protected against every day wear and tear. The oak used is taken from fully sustainable and responsible sources, and is designed to ensure the natural characteristics of the materials, including the smooth surfaces and visible wood grains, are a prominent and unique feature. Each piece of Oak is carefully selected, making Cast Iron Brackets & Oak Shelf charmingly individual and seamlessly pleasing, so we can guarantee you'll be enjoying its style and presence for years to come. To prolong the products life, the manufacturer recommends that you apply a hard wax oil treatment and thereafter on an annual basis.
