Description

Make the Alto Metal Side Table the next product in the home. From XVL, the table is made from varnished metal with the table top and bottom shelf both coming in a dark oak stained finish. The table consists of a single entity, with a sturdy table top and four table legs that join at the bottom beams that form the base with shelf storage space. The sleek look and material brings a contemporary look to a furniture classic and will look great in the living space of your home. The XVL Home Collection Alto Metal Wood Side Table also comes in a different variation. Choose the one that suits the interior or team them both to create your own set of side tables. Alternatively, the table can be matched to the Alto Coffee Table for a consistent look to your furniture arrangement. Other premium finishes are available at a price increase of 25% per item, please contact customer services for further details and pricing.
