Description

Retreat to the garden and take the weight off your feet with the luxury Facet Bench from Skagerak.

This gorgeous outdoor piece comprises a solid curved frame made from teak with sturdy seating area with subtle line pattern.

The back and side of the bench feature a simple slatted pattern.

Epitomising Scandic style and offering a rustic aura to the exterior of the home, the bench channels a peaceful and calming feel.

The Facet Bench from Skagerak is also versatile in that it can be used both indoors and out.
