Description

No foray into the garden is complete without the eye-catching Helios Firebowl from Skagerak. The outdoor accessory is made from black cast iron, has a rounded body and rests on an oval, cone shaped base. The firebowl can be used to for a wood fire to create a romantic mood in the garden as you sit out at night with a loved one. Alternatively it can be combined with the Helios Steel Grill (sold separately) to whip up some quick snacks while lounging outside. This contemporary accessory will add a new vibe to your exterior and has a number of uses.
Note: Not to be used under canopies or porch.
