### Description

Outdoor garden parasol from Skagerak available with wood or metal pole.

When the sun becomes too much, rest under the stylish shade of the Messina Parasol Square from Skagerak.

The stylish garden accessory comprises a four-pointed polyester parasol with raised top supported by a thin pole structure.

The base structure of the parasol is available in either a meranti wood or aluminium finish, while metal elements of stainless steel and aluminium are featured throughout.

Use it to keep the sun at bay or hang it overhead as you dine al fresco with guests during the long sunny days.

Please note: Parasol base is sold separately. Purchase the compatible base here.

Parasol: The weather-resistant fabric is Teflon treated. It is water and dirt repellent however please be aware the fabric is not waterproof.

Winter storage: During the winter, it is advisable to store the parasol fabric in an unheated room such as a garage or cellar. To avoid marks and stains, it is important to ensure the fabric is completely dry before storing.
