Description

Add designer style to your outdoor storage solutions with the Skagerak - Pantry Module 2.
The module comprises a long, rectangular teak wood frame with a fibre concrete table top and stainless steel detailing. The storage piece also has two slated shelves to offer further storage options underneath.
A storage solution that can be used indoors as well as out, make sure this piece is part of your stylish outdoor garden arrangement.
Group it with the Pantry Module 1 for a complete and consistent look outdoors.
