

Eichholtz Gordini Table Lamp - Nickel

Nickel table lamp with white shade.
EI5402

Dimensions
Height: 78-90cm

Colour : Silver
Material : Nickel Finish

Description

Nickel table lamp with conical shade from Eichholtz. The Gordini Table Lamp comprises a nickel structure that includes a round base with two stems forming the main body of the piece. One stem holds the other and comes with two small fasteners. The lamp comes with a conical shade in a spotless white finish to offer a subtle and lavish contrast. This lighting solution will channel elegance and luxury into your interior and will make a fine addition to the dining room, lounge or bedroom. The Gordini Table Lamp also comes in a bronze finish. Mix both around your interior for a unique take on your home lighting arrangement. Requires: 1 x E27 40W Max
