Description

Painted aluminium and polypropylene armchair by designer, Piero Lissoni.

Made for Kartell, the industrious Audrey Chair with Arms lays out the technological innovation the company has made in its products. The chair comprises only two parts and is shaped without welding due to the special die-cast process during creation.

It comes with a painted aluminium frame and is versatile in that it can be used indoors and out. It is available in 15 different frame and surface variations.

It will make a perfect addition to the kitchen, dining room or patio of your home where it will add colour and designer style.
