Description

Aluminium and polypropylene chair by designer, Piero Lissoni. Made for Kartell, the industrious Audrey Shiny Chair lays out the technological innovation the company has made in its products. The combination of materials in aluminium and plastic ensures the chair will make a contemporary addition that channels modernity. The chair comes with a polished aluminium finish, meaning it can only be used indoors. It is available with seven coloured seat backs and seating surfaces. It will make a perfect addition to the kitchen, dining room or lounge in your home where it will add colour and designer style.
