Description

Iconic polycarbonate high stool by renowned designer, Philippe Starck. Made by Kartell, the shape of the Charles Ghost Stool draws inspiration from classic stools of the 1800s, with the line of the legs rounded and marginally upturned.

It is created from a solitary block of clear polycarbonate, meaning it cannot be broken and is suitable for indoor and outdoor use.

Ideal for the kitchen, patio or the bar area in your home, the stool will make a radiant addition.

Create your own decorative arrangement by mixing and matching them.
