Hanging suspension light, available in three finishes.

KA2470

Dimensions

Height: Diffuser 26 cm, Min 45 cm - Max 230cm

Colour : White

Material : Transparent Or Batch-dyed Polycarbonate

Description

Polycarbonate hanging lamp, designed by Ferruccio Laviani. Made by Kartell, the Gè Suspension Lamp is reminiscent of antique Venetian chandeliers. It comes with a polycarbonate ceiling rosette and pleated lampshade. The material of the lamp expresses effects of the metal finishes it comes in. The light source is held by three suspension cords and will fill the room with its illuminating presence. The energy saving ceiling lamp comes in chrome, white and black finishes while it is also available in another coloured variation. Requires: 1 x E27 IBA Globo Halogen Bulb Max 70w
