

## Kartell Invisible Coffee Table

Thermoplastic coffee table from Kartell.

KA2515

Colour : Clear  
Material : Transparent Or Batch-dyed PMMA

### Description

Transparent thermoplastic coffee table designed by Tokujin Yoshioka. Made by Kartell, the Invisible Side Table is anything but. It embodies clean, simple and minimal design with the focus on expressing the designer's Japanese culture.

This elegant table has a light and airy look to it which will look at home almost anywhere in your interior.

It can be utilised in the home as a coffee, console or side table, such is the versatile and adaptable nature of the table.

It comes in both transparent colour finishes as well as matte variations.
