Description

Transparent thermoplastic console table designed by Tokujin Yoshioka. - Made by Kartell, the Invisible Table is anything but. It embodies clean, simple and minimal design with the focus on expressing the designer's Japanese culture. Made from a single mould of plastic, this elegant table has a light and airy look to it which will look at home almost anywhere in your interior. Recipient of the Good Design Award in 2012 as well as the Best of the Best Red Dot Design Award in 2013, the table will make an award-winning addition in your home. Choose the table to complement your interior space or place several in different rooms.
