### Description

Comfortable designer armchair in transparent polycarbonate Louis XV style. The quintessence of baroque has been revisited by Philippe Stark to dazzle, excite and captivate. Louis Ghost is the most daring example in the world of injected polycarbonate in a single mould. Despite its evanescent and crystalline appearance, Louis Ghost is stable and durable, shock and weather resistant and can also be stacked six high. This chair has great charm, considerable visual appeal and brings a touch of elegance and irony to any style of home.
