

Tom Dixon Mirror Ball Gold 50cm Pendant Light

Large gold globe pendant light from Tom Dixon.
TD0013
£550.00

Colour : Gold
Material : Polycarbonate

Description

Large gold globe pendant light from Tom Dixon. Instantly recognisable, this lamp was originally inspired by a space helmet and disco balls. An extra level of sophistication is on show in the luxury gold finish, which is created by vaporising a thin layer of pure metal onto the internal surface of a polycarbonate globe. The vacuum deposition process results in a highly reflective gold mirrored surface, which takes on the characteristics of its surroundings. Clear 2.5m cable. Requires 1 x E27 28W max clear halogen bulb (not included).
