Description

Handblown clear blue glass vase.

We love the soft, curved fluidity of the LSA Polka Vase Sky Blue - Small. Crafted by skilled glass artisans, the vase is skilfully formed using age-old techniques, forming delightfully sheer spherical walls to create a lustrous style statement.

Cornflower blue, this charming bowl vase injects a lovely colour pop into both classic and contemporary interiors.

LSA is world renowned for its unique originality and style and the Polka collection is no exception.

Make a statement by the window sill with short-stemmed floral blooms which will lean beautifully against the rim of the vase or stand alone to create a focal point in your room.

Presented in stunning gift boxed packaging, the LSA Polka would make a gorgeous gift for a special occasion or a sophisticated treat to yourself.

Mix and match with other shapes and colours in the Polka range to create your own colour installation which exudes on-trend vintage glamour.
