Description

Contemporary architectural inspired table lamp. The La Lampe Gras - DCW No 205 Table Lamp - Chrome promises to illuminate your interior in style. We love the simple yet super effective style of this designer table lamp ideal for introducing a calming ambience with a contemporary twist in any room. Revolutionary designer Bernard-Albin Gras created the original Gras Lamp in 1921 and his stunning iron-cast design was the original architectural lighting solution designed for the home or office. A luxurious polished chrome finish adorns the flexible jointed arm and lamp head, making the lamp easily adjustable. Modify the light to your preferred direction by simply changing the lamp head angle and height to suit your activity. Available in a selection of colours, the shade is presented in a range of finishes and in either a conical or round shape. The perfect union of industrial and natural materials make this a stunning classic table or desk lamp with an urban twist, ideal for classic and contemporary interiors. Requires 1 x E14 ESL 11W bulb (not included).
