Description

Adjustable contemporary designer wall lamp.
Illuminate your interior with the MANTIS - DCW BS5 Wall Lamp.
This elegant designer floor lamp will introduce a relaxing ambience with a contemporary twist in any room.
Created by celebrated German designer Bernard Schottlander in 1951, the Mantis collection embodies poetic balance and sculptural movement. Paying homage to the conventions of industrial design, this lamp combines a perfect balance of contemporary style with symmetrical and asymmetrical design.
Like that of its namesake, the Praying Mantis, the jointed arm and lamp head gracefully rotates as the lamp subtly spans its surroundings.
Finished effortlessly by a robust steel finish, this is a fine example of on-trend flexible lighting.
Fine-tune the light to your favoured direction by simply changing the lamp head angle to suit your space and create a distinctive style statement in both classic and contemporary interiors.
Bulb (not included) : requires 1 x E14 ESL 11W Max bulb.
