### Description

Circular steel and concrete outdoor wood-burning fire pit. Gather your friends outdoors and create a captivating focal point with the Ak47 Design Ercole White Fire Pit . Fascinated by the mesmerising allure of gathering around a fire, Ak47 Design combine simplicity, utility, style and functionality to create the finest in luxury outdoor fire pits. Handmade in Italy, it is supported by a strong steel frame, round in shape and treated to prevent corrosion whilst withstanding the elements. A crisp concrete frame crowns the top, exuding contemporary appeal which is specially treated to ensure it does not overheat as generous space for log storage allows you to make a rustic statement below. Elegant and commanding, yet dexterously informal, this is a traditional log fire pit with a contemporary twist. Simply add fire wood to the combustion chamber, light it up and let this illuminating addition take centre stage! Please note: This is a wood-burning fire pit and requires light assembly by 2 people. Protecting your fire pit: Use the Ercole protective cover plate (included) to shelter the combustion chamber when not in use and prevent the escape of ashes in the wind and rain. BBQ adaptable: Convert your Ercole Fire pit into a barbecue using the Ak47 Design grill kit (sold separately). Artisan crafted: Due to the natural materials and production used, every fire pit from Ak47 Design is distinctively unique with no two exactly alike. Small Approximate weight: 310 kg Large Approximate Weight: 970 kg
