Description

Weber Costello replica globe on stand.

A contemporary classic, the Authentic Models Weber Costello Globe is a fine addition to exude a feeling of nostalgia in your interior space.

Ideal for unleashing your inner explorer, it is sculpted with an authentic construction, supported by an ebonised rosewood stand and accented in nickel-plated glass.

A distinctive addition to provide inspiration in your study, it exudes a comforting sense of past.

First established in 1909, the Weber Costello Company reached the height of their fame in the early 1920s as one of the finest map makers in the world.

The intricately detailed globe is carefully printed on paper gores which are carefully applied to a hand-sculpted sphere and decorated in a palette of heritage colours to create an authentic replication of the original Weber globe.

Artisan crafted with meticulous care by skilled craftsmen, each item is unique and slight variations in appearance are to be expected and celebrated as no two items are exactly alike.
