Description

Maple wood desktop artist's mannequin model. The Authentic Models Artist Model is the perfect addition to add distinction to your home or office interior space. Inspired by the ergonomical wooden mannequin models of Renaissance painters, this fully jointed model of the human form was originally designed for artist's apprentices to master the techniques of proportion, form and shading. A replica of the original, it is sculpted by master craftsmen from warm maple wood and supported by a chrome stand and rounded base. Combine with accenting accessories from the Authentic Models collection for a nostalgic aesthetic of timeless style. Artisan crafted with meticulous care by skilled craftsmen, each item is unique and slight variations in appearance are to be expected and celebrated as no two items are exactly alike.
