### Description

Ash wood side table on wheels with two shelves.  
Add the stylish finishing touches to your interior space with the Block side table from Normann Copenhagen.  
Designed by Simon Legald, this luxury addition embraces the conventions of minimalist style, grounded in simplicity with an honest impression. A versatile piece of furniture with many different functions in the home, Block can be easily moved around by its ash wood handles, which are a natural extension of the table legs.  
Great as a tea trolley, coffee table or bedside table, block elevates two durable steel trays the product is available in a choice of colours.  
Four steel and rubber wheels complete the look in style, making it easy to move around depending on your needs.  
For a refreshing idea, combine with your stationary essentials to make this a durable modular work station when you're working from home.  
Please note: Light assembly required.
