Description

Textured fibre vinyl wallpaper from Elitis.

Create a textural focal point in your interior space with the Textures Végétales wallpaper from Elitis.

Perfect for creating a unique style statement this eye-catching textured wallpaper will add a stylish depth to your space with its raised and rendered appearance.

Inspired by the raw and natural vegetation of the rainforest it is sculpted into vegetal fibre vinyl with flecks of mocha, ivory and dark grey.

Warm with a natural tone, it will accent wonderfully with designer furniture and cushions & throws from the Houseology collection to complete the look in style.

Make a unique style statement in your interior by creating a feature wall in the living area or bedroom.

Roll 10 metres long, 70cm wide

Additional material details: Non-woven wallcovering, extra washable, acoustic properties, easy to hang.
