Description

Aluminium, glass and steel floor lamp with transparent diffuser.

Create an ambient atmosphere in the heart of your interior scheme with the Flos Romeo Moon F Floor Lamp.

Beautifully sculpted with an acid-etched pressed borosilicate glass internal diffuser, this inviting floor lamp emanates an ambient flow through its pressed clear glass shade.

Part of Philippe Starck's iconic Romeo Moon designer lighting collection, it provides a diffused illumination, elevated by a grey painted steel stem and strengthened by a die-cast aluminium base.

Celebrating a dynamic play of shadows and light, the look is complete with electronic dimmer to allow you to control the level of brightness in your interior scheme.

Combine with accenting additions from the Flos Romeo Moon collection to elevate your interior space into the timeless style stakes.

Light source: 1x 205W Max E27 HSGS light bulb (light bulb included)

Dimmable: On/off switch on cord

Cord length: 13.5cm

Weight: Approx 23.8 kg.
