Description

Diablo shaped Cast Brass and glass floor lamp by Pieter Adam. Embrace the free-flowing beauty of the Pieter Adam Odeon Floor Lamp in the heart of your interior space. Created as an 'heirloom of the future' this striking designer floor lamp provides the perfect interior accent for both classic and contemporary interior schemes. Taking its form from the elegant diablo shape, the lamp features a sophisticated Cast Brass base with an elongated diablo effect. Available in a choice of finishes, the design is accented by a Murano glass up-lighter lamp shade with distinctive circular disc ring accents which are signature to the iconic Pieter Adam style. Decorative yet with a subtle appearance, Odeon's retro form nods to the restrained elegance of the Art Deco era and will promote a calming ambience once the light is switched on. Achieve a refined sophistication with minimal adornment by combining with accenting lighting from the Pieter Adam collection to complete your aesthetic in style. Please note: Requires 1x E27 100W Max light bulb (not included)
