Description

Gubi chaise longue 2-seater designer sofa.
First designed by Gubi Olsen in 1986, the Gubi Grand Piano Sofa/Chaise Longue features a refined yet curvaceous design - available in a choice of inspiring upholstered colourways.
Complete with cylindrical black oak legs, its velvet-effect cover invites a sumptuous depth into the home.
Taking its name from the grandeur and silhouette of the grand piano musical instrument, Grand Piano is a bold interior addition which celebrates the conventions of both classic and contemporary style.
Combine with accenting designer furniture from the Gubi collection and a commanding designer pendant light from the Houseology collection for an enduring and timeless interior fusion.
Please note: Shown with right-turned arch and upholstered in a choice of Velluto Cotone 130 Dark Grey or Tonus 122 Petrol Blue.
For other upholstery options please contact our customer service team for more information on bespoke options.
