### Description

Rectangular teak outdoor dining table by Ethimo.  
Create the ultimate backdrop for alfresco entertaining with the Ethimo Cronos Dining Table.  
Sculpted from teak in a choice of weather resistant finishes, this commanding rectangular dining table is developed specifically for outdoor use.  
Incredibly UV resistant for even the hottest of summer afternoons, the table is crafted with a slatted table top and distinctive hourglass base.  
Sit up 8-12 guests by using the table's extension leaves and accent with Ethimo outdoor dining chairs to complete the aesthetic in style.  
Please note: Ethimo wood finishes are weather resistant and should be stored indoors during extreme adverse weather conditions and hard winters.  
When not in use, uphold the chic aesthetic of your luxury garden furniture by combining with a compatible Ethimo Rain Cover - sold separately here.  
Pickled Teak Aesthetic: Using a brushed wood process to deprive teak of its natural oily film the pickled teak is textured and painted grey for added character. This creates the effect that the wood has already aged for generations.  
Appearance: Over time both natural and pickled teak ages further to develop a unique patina effect.  
Approximate net product weight: 100kg  
Seats 8-12 guests
