Description

Classic grey steel lounge armchair with upholstered cushion pads. Channel the classic charisma of the Ethimo Elisir Lounge Armchair Grey into the heart of your outdoor entertaining space. Designed by Italian outdoor icons, Ethimo, this inviting outdoor lounge armchair is manufactured from a rust-resistant steel and features an elegant slatted back rest and beautiful curving arms and chair legs. Painted with a solvent-free grey powder coated finish, Elisir is guaranteed to last generations, complete with a waterproof and UV resistant finish to combat the elements. A sumptuous back rest and seat pad, available in a choice of colourways, completes the aesthetic in style. Ethimo fabrics and materials are UV and weather resistant. The showerproof seat pads are made from a synthetic material mixture of breathable, water repellent plastic fibres. We do however advise sheltering cushion pads indoors during adverse weather conditions and covering frame with an Ethimo Rain Cover (not included) when not in use. Contact our customer service team to purchase a compatible Ethimo rain cover (sold separately).
Approximate net product weight: 15kg
