Description

Rectangular outdoor dining table in natural or grey painted pickled teak finish.

Inspired by relaxed Italian al fresco spaces, the Ethimo Costes Rectangular Dining Table is a fine addition for outdoor dining.

Rectangular shaped with a clean line design, Costes features a slatted wood table top and straight commanding table legs.

Sculpted from hard wearing teak wood, the wood is naturally resistant to temperature change, humidity and is weather resistant.

Over time the grey painted pickled teak finish takes on a natural silver grey patina which develops as the table ages adding extra character - to delay this process cover with an Ethimo rain cover (sold separately via our customer service team) after use.

Combine with Ethimo dining chairs to complete your al fresco aesthetic in style.

Please note: During adverse weather conditions and hard winters, store your product indoors.

During rainfall, we recommend pairing with an Ethimo protective rain cover sold separately via our customer service team to maintain the chic aesthetic of this luxury outdoor dining table.

Seats 10-12 guests.

Approximate net product weight: 70kg
